Birmingham Children's Hospital has been working in partnership with QECH in Malawi since 2004, making it *the longest running educational partnership in the UK.*

The partnership serves to improve healthcare for children in Malawi through education and training, and staff exchanges. Multi-professional staff including nurses, doctors, and allied health professionals have taken part in staff exchanges and found it one of the most educational and rewarding experiences of their career.

Quotes from
Previous Staff
Exchanges

"By far the best thing I have ever done. Life changing."

"Rewarding, challenging and inspirational experience."
